**JOURNAL AIMING TO IMPROVE RESEARCH AND
PRACTICE IN THERAPEUTIC PATIENT EDUCATION**

Éducation Thérapeutique du Patient/Therapeutic Patient Education, an international peer-reviewed journal, promotes the development of research and practice in the field of therapeutic patient education.

High scientific standards at all levels

Run by international scientists, ETP/TPE ensures the highest scientific standards as regards to the research material accepted for publication. The whole review process is overseen by the editor-in-chief who select referees specialized in their field for each article submitted. Articles must be of the utmost relevance to today's therapeutic patient education to be accepted.

- Publishing original quantitative and qualitative research,
- Helping multiprofessional teams to share evaluated experiences, methodologies, innovations,
- Stimulating critical thinking and informed debate about all aspects of therapeutic patient education,
- Promoting multidisciplinary approaches involving medicine, health sciences and humanities.

Interdisciplinary coverage of therapeutic patient education

Éducation Thérapeutique du Patient/Therapeutic Patient Education is available in print and online formats.

It publishes articles in the two official languages of the SETE (www.socsete.org): French and English (articles and abstracts in English and French).

The journal consists of two types of issues each containing 8 -10 articles:

- Scientific issues - publish original quantitative and qualitative researches (long and short articles), reviews.
- Supplements - publish descriptions of educational practices and evaluated experiences, papers which develop theories, debates, critical analysis of specific policies and practices, abstracts of essays, book analysis.

At least 8 good reasons why you should publish in ETP/TPE

The highest scientific review standards

ETP/TPE selects high quality articles. Your manuscript is reviewed by two or three international referees before being accepted for publication. This bilingual journal offers you articles and abstracts in English and French.

Fast online access

Using "E-First", you have immediate online access to articles in their final citation reference as soon as the proof has been corrected by the author. These articles may be cited by their DOI.

Easy linking

Using the CrossRef® database, the "Citing articles" tool lists all articles citing the selected article. Together with the online reference links, which give you direct access to all the major databases, linking is easy.

Alert services

ETP/TPE offers you free registration for the e-mail alert service that sends you an e-mail each time new articles are published online or cited. And with RSS Feeds, the latest online articles titles are delivered directly to your desktop.

Pay-per-view

Using the pay-per-view option, you can view and download the pdf of articles to which you do not have a subscription.

Copyright policy

You are free to post your article on your own website or the site of your institute as soon as it is published, providing that the TPE source is cited.

Free PDF offprint

A PDF offprint of your article will be e-mailed to you when the complete issue appears online.

No page charge

Submitting and publishing your article is free of charge.
